Scent Stash

FW26/27

The Scent Stash Fall/Winter 26/27 Edition moves through rich gourmand compositions, spiced seasonal accords, refined woods, and darker oriental structures. It balances comfort with structure, sweetness with density, and familiarity with strong presence.

This is a winter-driven portfolio built for brands that want their colder-season releases to feel unique, layered, and commercially confident.

Each fragrance in this booklet is presented with its SKU, olfactory structure, regulatory parameters, and bulk pricing for production planning. Work through them carefully. Test deliberately. Select only what strengthens your line.
